

GO BEYOND

BRINGING SOLUTIONS TO THE DUTCH MARKET FROM SINGAPORE – THE WORLD'S SMARTEST CITY

Join the matchmaking event on 24 June 2021 connecting the Netherlands and Singapore within the domain of predictive maintenance. Be part of the collaborative innovation challenge and take the first steps to solve it by meeting with 5 selected Singapore ventures.

SHAPE THE FUTURE OF PREDICTIVE MAINTENANCE WITH US

We are inviting the Dutch ecosystem to join the matchmaking event and meet the Singapore ventures able to shape the future of predictive maintenance.

- The goal is to explore potential business opportunities with innovative Singapore ventures aiming to move their business to the Netherlands.
- Go into 1-on-1 meetings (virtual) with 5 Singapore ventures offering an integrated solution to the industry challenge focused on de-risking the whole process in logistics and supply chain, making maintenance predictable, smarter, and safe.
- The matchmaking event takes place from 9:00-13:00 (CEST) on 24 June 2021 and includes a networking activity at the end of the day (depending on the COVID measures).

GO BEYOND - REMOVING BARRIERS FOR INNOVATIVE SINGAPORE STARTUPS AND TECH ENTERPRISES TO SCALE TO THE NETHERLANDS

Economic growth is generated by fast growing and innovative companies. The Go Beyond program connects two highly innovative markets: Netherlands & Singapore – to scale promising ventures.
