About RealWear

We are RealWear

Who we are

Founded in **2016**, privately held with a vision to develop **real solutions** for **real problems** in industrial sector

Where we are

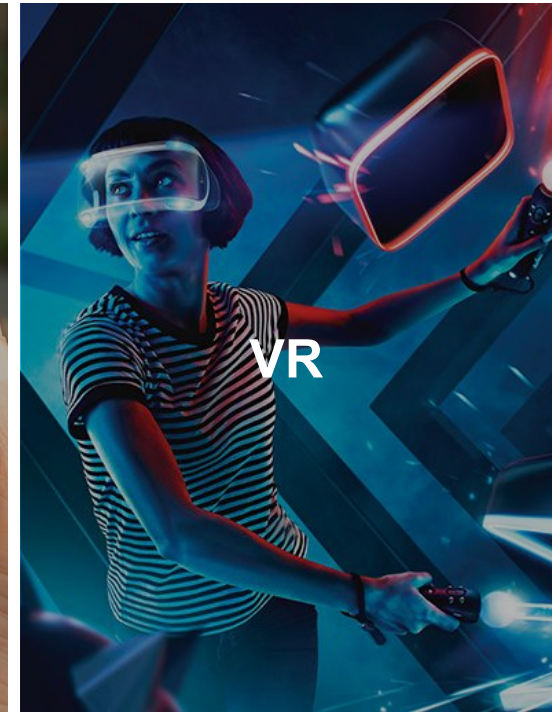

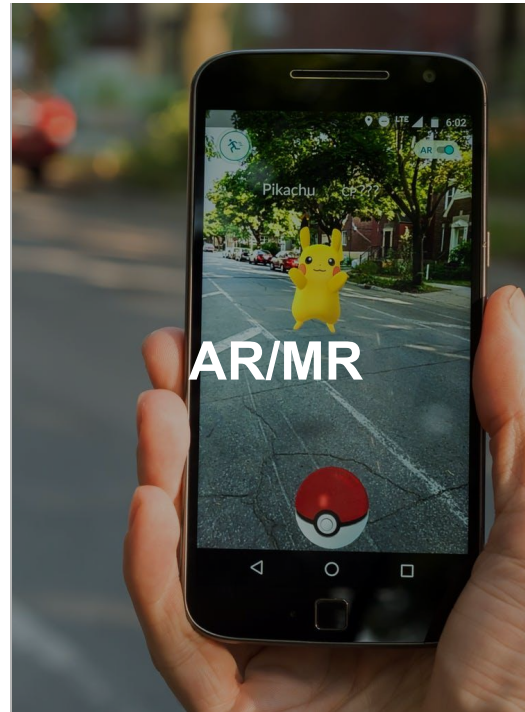

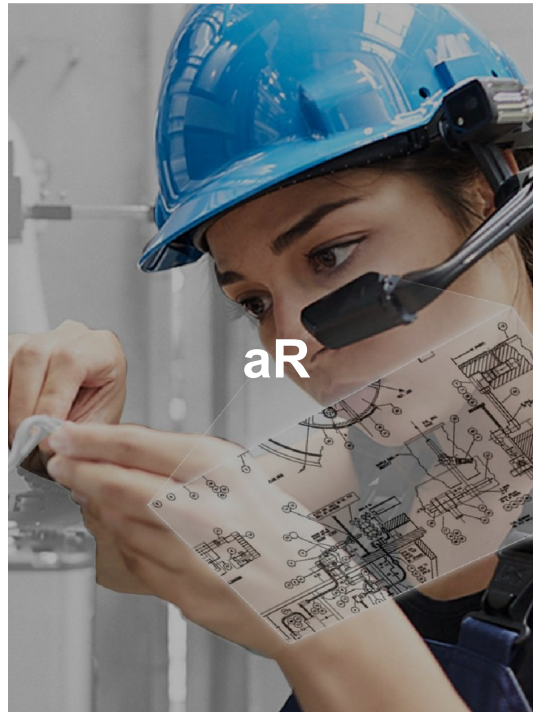

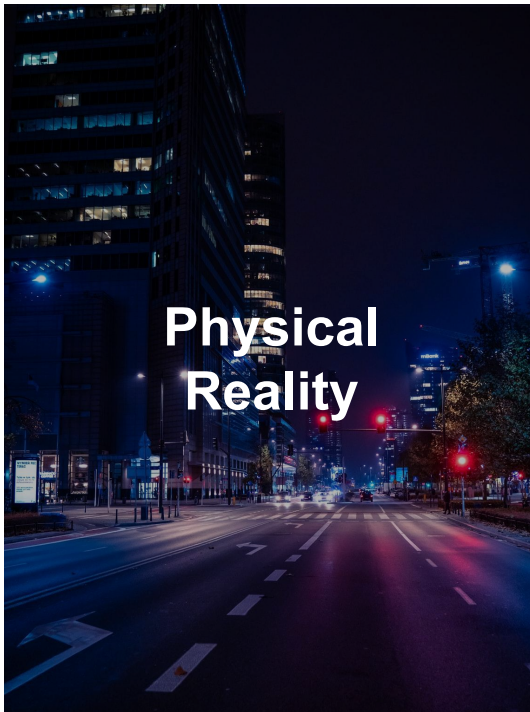

HQ in **U.S.** (Vancouver, WA) with offices in **Europe** (Amsterdam), **Middle East** and **Asia**. With **100+** dedicated employees around world and growing fast

What we offer

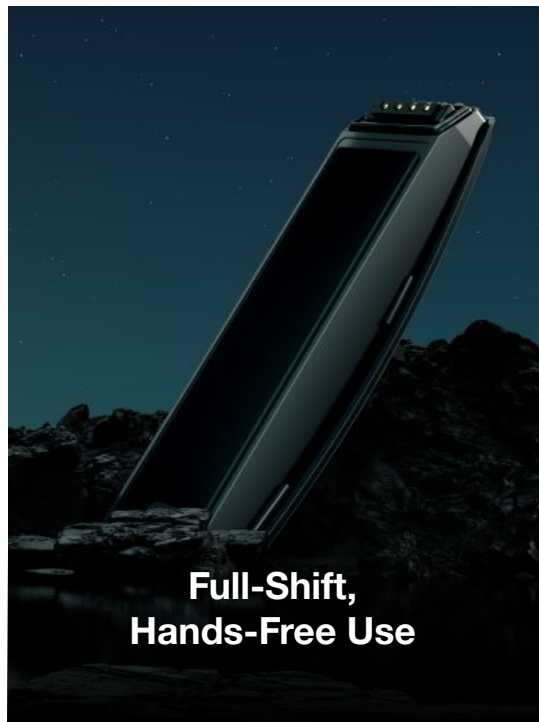

We offer a industry-leading solution delivering a winning combination of state-of-the-art hardware, user experience, applications and cutting-edge cloud technology.

The RealWear solution

What is Assisted Reality

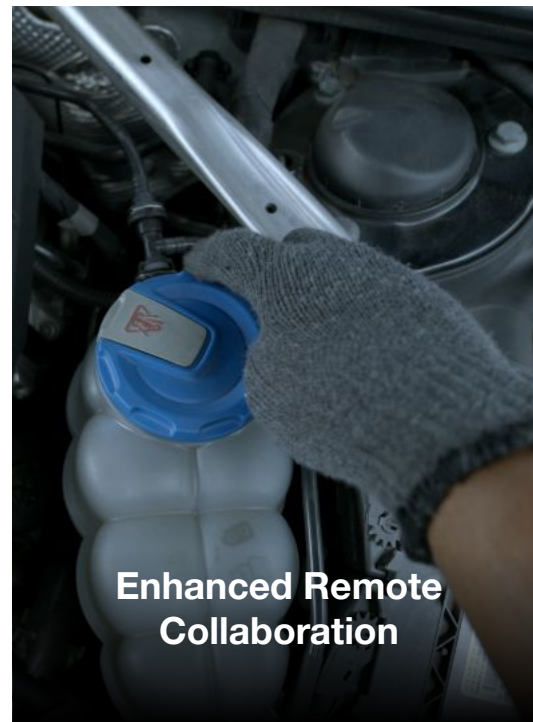

Introducing the next generation of industrial strength assisted reality: RealWear Navigator™ 500

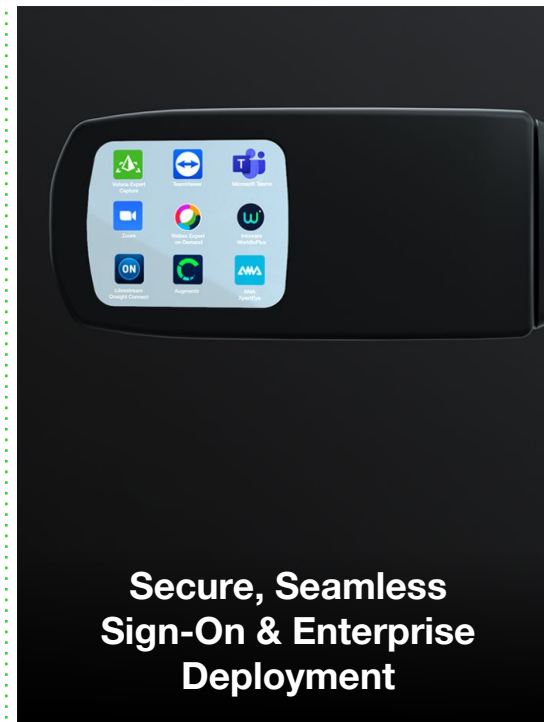

Work comfortably all day and easily hot-swap your battery without losing a minute on the job.

Enabled on-the-job agility and adaptability to support even more use cases.

Improves productivity, saves travel costs and reduces equipment downtime.

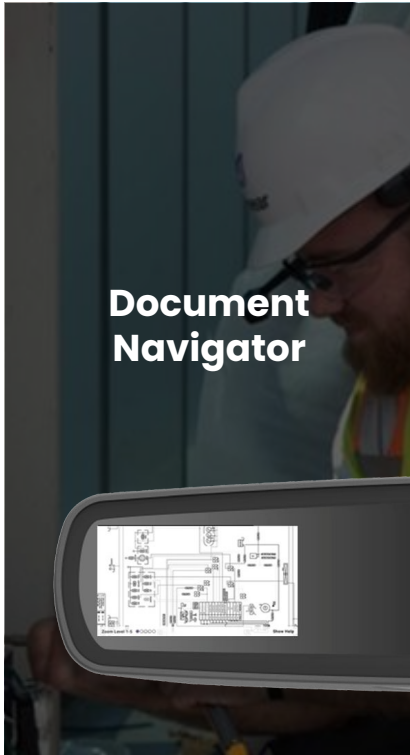

Reduces time and friction to get devices up and running, deployed and managed securely.

About VR Expert

We are VR Expert

Hardware distributors

Official distributor of **RealWear**. Strong relationships with our clients and suppliers enable us **to go beyond** simply delivering the hardware.

Service experts

With a **team of 35** we provide specialized services to **implement remote expert solutions** into existing processes and companies.

Software specialists

Our diverse **software knowledge and experience** enables us to provide you with a solution **suited for your needs**.

Process

Process

1

Introduction

A meeting where we give a **introduction** into the Smartglass solution. We take the first steps in formulating your **use case**

2

Trial period

We set up a **trial period** to test the solution. We evaluate the trial based on your **targets** and our **standard checklist**.

3

Evaluation

Together we collect all **relevant feedback**. Based on this feedback we can **make changes** to customise your solution!

4

Scale up

Together we prepare for scaling up the solution with the aim to **create long term value**

Trial Period

2

Trial period

We set up a **trial period** to test the solution. We evaluate the trial based on your **targets** and our **standard checklist**.

Goal

Testing the use case in a live setting and defining the value of the solution

How

3 Day loan device to test (or rent)

Process

1. Receive RealWear
2. Introduction training
3. Do test and fill in Evaluation form
4. Send back RealWear
